

Vocational Teacher (Automotive and Welding grades 8 – 12)

Must have knowledge and experience working in the trades; certifications is a plus. Must have experience and/or a willingness to work with diverse adolescent learners. With trades experience, the successful candidate will be eligible for an alternative licensure pathway. With a degree, the candidate will also be eligible for proctoring dual credit courses. This is a critical position for our career pathway students! The position will be open full time in August, 2025, but there is opportunity for paid training and overlap with our existing Vocational Teacher. Open until filled; however, for best consideration, please submit resume, letter of interest, and certified application to Annette at personnel@emsdbears.us
