

Math Teacher (Alg I, II, Geom):

Must be NMPED licensed and endorsed to teach mathematics grades 7-12, or eligible and willing to complete an alternative licensure pathway. The best candidate will have demonstrated knowledge and ability working with diverse groups of adolescent learners. The successful candidate will be familiar with NM Standards and Benchmarks, and be able to collaborate with a department team on short and long-term planning, assessment development to measure student learning, and create tiered interventions. Alternative licensed candidates welcome to apply; mentorship provided. Open until filled; however, for best consideration, please submit application, resume, and letter of interest to personnel@emsdbears.us by March 31st.
